Mission Statement

Brookline Council on Aging/Brookline Senior Center Mission Statement

The Brookline Council on Aging is a Town agency responsible for planning, coordinating and providing comprehensive services for Brookline residents age 60 and over.

We work with other town agencies and community service providers to enhance the quality of life for our elders.

The Brookline Senior Center is a Town gathering place dedicated to enriching the aging experience for Brookline seniors over the age of 60.

We provide a rich, diverse environment with a wide range of opportunities, programs and services in the areas of health, learning, art, socialization, nutrition, and recreation.

Our goal is to help seniors maintain their independence and continue to be active members of their community.

We believe wholeheartedly in enhancing growth, dignity and a sense of belonging while encouraging individual contributions and the sharing of life experiences.

The Senior Center welcomes all who walk through our doors, regardless of age, income, disability, ethnic or religious background.

We recognize the efforts of all our program collaborators and are grateful of their support.
